Dis File No. 14 of 1923-24.

Serial No.

The file relates to the Tank maintenance works in the Tumkur Dt., which are to be taken up as a measure of distress relief in the affected areas.

In January 1924, the Rev Comr sent up two consolidated lists of T. M. works (1) already taken up & (2) to be taken up with sanction of govt. in the taluks of Tumkur, Kunigal, Maddagiri, Gubbi and Pavagada. The total liability of Govt in both the above cases was expected to come up to Rs 34,417 + 34,197 or Rs 68,614. The R.C. was however requested to revise the lists in accordance with the G.O. dated 25.1.1924. There has been no reply to the above letter of this office on the subject.

The three lists of T. M. now recd from the R.C. have been carefully examined. They relate to (1) works already taken up in the Maddagiri & Kunigal taluks, which involve a liability of Rs 19,890 on govt.—The No. of

works is 29 & not 28 as stated in the D.C's letter and (2)(a) works to be taken up immediately and (b) to be started after Govt sanction in the same Talukas, which are reported to throw a liability of Rs 45,648 (not Rs 45,978 as stated in the D.C's letter) on Govt. In this Connection it may be stated that the question of such works in the talukas of Tumkur, Gubbi and Pavagada included in the January list has not been considered and it is not clear whether Supplementary lists will be sent up to Govt in this behalf

M

The intention of Govt has been clearly indicated in the G.O. of 26.12.28 to the effect that they should be made known of the exact liability under this head in all the affected Distts so that a provision may be made for this. In the Kolar Distt the maximum limit in this respect has been fixed at Rs 10,000/-. As regards Tumkur Dt., the amount has been taken at Rs 34417/-. Though this sum

Serial No.

is not sanctioned, yet it is taken as such by the Comptroller in f.o. dated 7.3.24 reclassification proceedings.

The D.C. Tumkur st has requested permission authorising him to start 3 m works wherever & whenever necessary, at a total extra cost not exceeding Rs 10,000/-. It does not seem necessary to give this power if programmes of works are prepared and kept ready so that any work can be taken up in any place at any moment. A programme of works up to end of June 1924 has been called for but it has not yet been received. The question of giving this power is a point for orders.

Two other points for orders are given below:-

(1). Whether sanction may be accorded to the expr. already incurred viz 19,890/- [This may perhaps be sanctd, the expr to be met out of Rs 34,417].

(2) Whether the expr. of Rs 45,978/- which represents the liability in respect of the works to be taken

up Maybe sanctioned. In view of the recent rains, it may not perhaps be necessary to take up all the works now and the Chief Engr may perhaps be requested to give his opinion in the matter. It is also for consideration whether the total liability of ~~expenditure~~ in the Dunkuram ~~in~~ this respect may not be limited to Rs 34,417/- & the R.C. empowered to start any work so as not to exceed the above limit

12/4/24

1) The liability of Govt on works started before the 25th Dec 1923, which amounts to Rs 19890 may perhaps be sanctioned.

2) As regards the programme of works now sent up, the R.E. may be it will be seen that in most cases, the excess over the ryots' liability of one year's assessment is enormous, and disproportionate with the ryots' liability, some times four to

the Comptroller's office, of outlay incurred on T. M. works till the end of April 1924, it is found that the amount spent is only Rs 41,568-13-4. Out of this, the ryots' share of the liability is Rs 33,315-6-3 and the net liability on Govt is Rs 8,253-6-1.

As against this there is a provision of Rs 44,872 and Rs 67,413 made for meeting the net liability of Govt and the ryots' share up to 4th Feby 1924 in the F.O. dated 7.3.1924 (vide flag O). Some more allotments have also been sanctioned since for the same purpose. This means that there is still a large balance available for expenditure on T. M. works. Sir,

I have the honor to forward herewith two statements one showing 21 tank-maintenance works started in the Maddagiri Taluk and Korategere Sub Taluk whose estimates exceed one - - year's revenue under those tanks and which were started prior to the receipt of Government Order dated 26th December 1923, and the other showing 7 maintenance works already started - - whose costs also exceed one year's revenue under those tanks. All the 28 tanks enumerated in the enclosed two statements were started immediately to engage the cooly class, who were -- reported to be suffering much for want of labour. Thus the cost to be entirely borne by the Government is estimated to come to Rs. 19,890/- which has been unavoidable.

I request you therefore to kindly recommend to Govern - ment for meeting as a special case the excess over one year's -- revenue Viz. Rs. 19,890/-.

Sir,

Adverting to Para 3 of Government Order No. 355- - 414 D. dated 25th January 1924, issuing certain instructions in the matter of starting tank maintenance works in the - - affected areas for giving employment to the cooly class, I have the honor to state that as the No. of works the cost - of which is less than one year's revenue is all getting - -- exhausted and it would soon become necessary to start works, whose cost exceeds the limit prescribed and it would cause inconvenience to coolies if such works would have to be delayed pending Government sanction, it seems desirable that the Deputy Commissioners are given some discretion in this matter. I thereofre request that I may be specially empowered, whereever immediately - - - necessary to start in anticipation maintenance works, the cost of which ~~already~~ exceeds one year's revenue, the extra cost so -- involved not exceeding Rs. 10,000/- for the whole District. I request the favour of your early orders in the matter.

Letter No.190 dated the 5th May 1924, from the Executive Engineer, Kolar Division, to the Chief Engineer of Mysore, Bangalore.

Re. tank maintenance works taken as a relief measure up to end of April 1924.

I have the honour to submit herewith a statement of financial position in respect of the above works put on hand up to the end of April 1924. It shows (1) that 75 works have been started up to date (2) that the total value of the works undertaken is Rs.71,217 (3) that when all these works are completed, the total Government liability will be Rs.21,259 (4) that up to end of April 1924 the total expenditure is Rs.15,554/- made up of Rs.15,341 Ryots' share and Rs.213/- Government liability (5) that if it is desired to complete the works (with the exception of turfing of course) as per para 4 of Government order No.355-414/D. dated 25th January 1924, and as per Dewan's tour notes of inspection during January 1924, pages 6 and 7, the total funds required for the year will be Rs.50,778 of which Rs.41,620 will be the ryots' share and Rs.9,158 the Government's liability (6) that if the works have to be kept open as long as it is necessary under the distress conditions, as per Revenue Commissioner's letter No. D.24 of 23-24 dated 15th April 1924, received with your No. B.11890 dated the 23rd March 1924, the funds required will not exceed the above said limit (7) that if distress conditions should become more acute, the works will all progress rapidly and the amount stated in para 5 will be required.

2. I would therefore request you to be good enough to address the Revenue Commissioner to place the sum of Rs.41,620 at the disposal of this Division. I would also suggest that you would communicate to Government, if you think it necessary, that the Government liability for current year on tank maintenance works started up to the end of April 1924, will be Rs.9,158/-.

S i r,

With reference to your letter No. D.4 dated the 29th May 1924 requesting sanction to place additional allotments at the disposal of the Executive Engineers of the Tumkur and Kolar divisions for meeting the expenditure on Tank maintenance works, I am directed to state that, from the information obtained from the Comptroller's Office, it is found that a total expenditure of only Rs. 41,568-12-4 on these works has been incurred in the affected areas up to the end of April 1924, of which the net liability of Government is only Rs. 8,253-6-1, while a ~~provision~~ Sum of Rs. 67,413 for advances to the ryots to meet their share of maintenance charges and of Rs. 44,872 for meeting the net liability of Government has been ~~made~~ provided in G.O.No. 671-730/D. dated 7th March 1924(Vide Col. 9 and 14 of the statement attached to that order). As there is still a large balance available for expenditure out of the above amounts, no additional allotments are necessary, especially as the official year is drawing to a close. Bills in respect of works already completed should be expedited so as to enable necessary adjustments being effected before the end of June 1924.

Sir,

With reference to your memo No. 1187-94/Dis. dated corr, Mysore,, the 15th instant forwarding copy of No. 1186 dated the 15th instant addressed to the Revenue Commissioner in Mysore, regarding the grant and outlay on tank maintenance works taken up as a relief measure, I have the honor to state that the grant allotted to this Division was only Rs. 5,000/- under tank mairterance & Rs. 1000/-for restoration. An extra grant of Rs. 10000/- was applied for last month and bills are being passed as per memo No. 1102/1 dated the 22nd May 1924 to the Comptroller, Mysore Government, authorising to pass cheques issued by this office up to Rs. 10000/- pending sanction of further allotment. The total expenditure booked up to the 15th instant is Rs. 25,007/- or Rs. 6,917/- in excess of the grant given under maintenance. Hence the additional grant of Rs. 10000/- applied for may kindly be placed at the disposal of this Division to regularise the expenditure already incurred.

Tanks having received water on account of rains many work have had to be stopped as coolies have no place to work.
